- Lora moved and Lana seconded to remove the current salary schedule and replace it with a one line salary schedule; adding \$1,500 to the 2009/10 salary plus lane changes for current teachers, new hires base pay will be from the one line schedule. Additional compensation for experience would be at the discretion of the board. MC
- Lora moved and Jeff seconded that teachers who lost years of experience at initial hire will be compensated on the 2009-10 salary scheduled based off of actual years experience and education level ( if this amount is less than the one line salary proposal teachers would receive the greater amount). If a teacher qualifies for the 2009-10 option the maximum increase over the proposed one line schedule would be \$2,000. MC

With all proposals acted upon no future meeting date was set.

At 7:15 PM Jeff made a motion to adjourn, seconded by Lora, MC.
