GLEN ULLIN, ND 58631-0548
(701) 348-3590

Denise Georgeson
Business Manager

Larry Sebastian
Secondary Principal

District Realignment Committee:

For the past three seasons since Morton County switched to central time, our late return time from district/region regular season games has been a problem with our parents. We had hoped Stark County would have switched to central time as well, but that was recently defeated by their county commissioners. This would have solved some of our travel issues.

At the present time we are the only team in Region 7 that is on central time. Grant County is the only team in Region 5 that is on mountain time. This issue has been brought to our attention by parents whose kids continually arrive home at late hours on school nights, due to the fact that some varsity games don't get started until well after 8 central time. Would it be reasonable for our school to petition to move to district 9? This would allow our student/athletes to get home from events at a much earlier time, and also does not pose much of a change in mileage for either school. This request is based on the concern of some of our athletic parents and student/athletes, and therefore this is our official request to be redistricted.

Respectfully submitted:

Jeff Meissner
Athletic Director
Glen Ullin H.S.
